

**BROOKE STEELE, CCRMP**

**VICE PRESIDENT OF ENTERPRISE CATASTROPHE  
RISK MANAGEMENT  
TRAVELERS**

Brooke Steele is Vice President of Enterprise Catastrophe Risk Management for Travelers. Brooke coordinates the evaluation of risk and partners with business units to develop pricing and underwriting strategies related to catastrophes. She is also responsible for coordinating Travelers' Enterprise Event Response efforts, quarterly catastrophe financial analysis and external catastrophe disclosures.

Brooke joined Travelers 17 years ago in Personal Insurance, where she held positions of increasing responsibility in catastrophe risk management. Throughout her career, she has contributed to strategic product development initiatives in partnership with the business and was instrumental in enhancing Travelers' catastrophe reporting and modeling ecosystem.

Brooke has obtained the Certified Catastrophe Risk Management Professional (CCRMP) designation from the ISCM and CAS Institute and the Associate in Risk Management (ARM) designation from The Institutes, and she holds Catastrophe Modeling designations from Verisk Extreme Event Solutions and Risk Management Solutions.
