Target market

Technology Electronics Manufacturing and Assembly Insurance is a commercial product suitable for businesses involved in the manufacturing, assembly or value-added resale of electronics, computer and telecommunication hardware.

Types of customer for whom the product would be unsuitable

The Technology Electronics Manufacturing and Assembly Insurance product is designed for organisations providing manufacturing, assembly or value added resale of electronics, computer and telecommunication hardware, for other trade sectors there are more appropriate Insurance solutions.

Please refer to the policy documentation for full details of cover and exclusions.

Any notable exclusions or circumstances where the product will not respond

As is commonplace for Insurance products for this sector there are a number of general Exclusions including but not limited to:

- War and allied risks
- Terrorism (except where covered under the Terrorism section)
- Asbestos
- Silica
- Pollution
- Cyber Risks
- Punitive and other non-compensatory damages

Other section specific exclusions will apply, depending on the coverage selections made by the customer
Policy excesses and cover limits are assessed on a risk by risk basis, taking into account market standards, and selected by the customer.

Please refer to the policy documentation for full details of cover and exclusions.

Other information which may be relevant to distributors

This document is to be read in conjunction with the full policy wording.

The distribution strategy is considered appropriate for the target market with customers having the option to purchase these products through a distributor of their choice. This product may be sold by suitably skilled agents/sub-delegates:

- on an advised basis
- face-to-face
- via telephone
- online

To ensure the customer receives fair value for this product and that they are able to make an informed choice:

- The customer's demand and needs must be assessed to ensure the product is appropriate,
- significant or unusual exclusions should be highlighted,
- care must be taken to ensure no duplicate cover exists or is created by an add-on,
- available add-ons and optional extras should be highlighted with the same emphasis as the main sections of cover,
- commission, fees or charges passed onto the customer must be proportionate to the service provided.
