- Ex gratia Payments Made
- Number of Complaints
- Complaints as % of Claims

#### Target market

The Medical Technology product is designed for organisations that enhance, improve medical health and that have a therapeutic, medical, surgical and preventative medical benefit for humans and or animals.

Proposition is tailored to meet the needs of companies in the following areas:

##### **Biotechnology**

- Research and development institutes
- Contract research organisations

(Minimum premium >GBP5k)

##### **Medical Devices**

- Design, manufacture and distribution of diagnostic, monitoring or treatment devices (Class I, Class II, Class IIa products)
- Medical software companies
- Contract manufacturing organisations

(Minimum premium >GBP10k)

#### Types of customer for whom the product would be unsuitable

It is not suitable for companies:

- Manufacturing and/or selling pharmaceutical, cosmeceutical &/or nutraceutical products
- Manufacturing and/or selling permanently implantable [within the body] medical devices
- Selling, supplying, leasing or licencing product that has not obtained the required regulatory or government approval
- Sponsoring &/or undertaking Clinical Trials
- Requiring cover for Medical Malpractice &/or Abuse coverage

It is not suitable for other trade sectors for which there are more appropriate insurance solutions.

#### Any notable exclusions or circumstances where the product will not respond

As is commonplace for Insurance products for this sector there are a number of general Exclusions including but not limited to:

- War and allied risks
- Terrorism (except where covered under the Terrorism section)
- Asbestos
- Silica
- Pollution
- Cyber Risks (except where covered by the Technology Professional Indemnity and Cyber section)
- Punitive and other non-compensatory damages

Other section specific exclusions will apply, depending on the coverage selections made by the customer.

Policy excesses and cover limits are assessed on a risk by risk basis, taking into account market standards, and selected by the customer.

Other information which may be relevant to distributors

This document is to be read in conjunction with the full policy wording.

The distribution strategy is considered appropriate for the target market with customers having the option to purchase these products through a distributor of their choice. This product may be sold by suitably skilled agents/sub-delegates:

- on an advised basis

To ensure the customer receives fair value for this product and that they are able to make an informed choice:

- The customer's demand and needs must be assessed to ensure the product is appropriate,
- significant or unusual exclusions should be highlighted,
- care must be taken to ensure no duplicate cover exists or is created by an add-on,
- available add-ons and optional extras should be highlighted with the same emphasis as the main sections of cover,
- commission, fees or charges passed onto the customer must be proportionate to the service provided.

Date Fair Value assessment completed

**Quarter 3 2023**

Expected date of next assessment
